As we discussed yesterday afternoon, I did not send our email conversation to anyone other than to you and Nola. As you can see by the attached message from Nola, she forwarded our conversation to the entire board. You are correct, this is a violation of the Texas Open Meetings Act, by Nola. You should have a conversation with her about her repeated violations of the TOMA.

I don't believe so. Send me the email so I know what you are talking about.

Clint,

It has come to my attention you forwarded this email to other Board members. I strongly urge you not to make this a practice as I believe it would violate the Texas Open Meetings Act. It was my understanding this was a discussion between the two of us. If I am in error please let me know.

Thanks,

Jim
