Hi John,

I just wanted to give you a heads up regarding a run in I had with one of the coaches at Westlake High School.

I was in the gym setting up for my club volleyball practice when I was approached by a gentlemen (I do not know his name) who said I did not belong in the gym. I told him that I have been practicing at this time in this gym for the past five months. He was not happy! He told me that he was a coach there at the high school and [REDACTED]. He became very arrogant and mean and looked at my [REDACTED] and some other girls in the gym and said, "This is one more reason why I hate volleyball!" He was rude and obnoxious and completely out of line. I tried to talk to him about handling the situation, but he kept walking away from me. I told him that I pay to use this facility and I am on the schedule for this time every Sunday evening (excluding holidays) He sat down in a chair and would not leave. I told him I was sorry and that I would be more than happy to call the Eaneshot line to see what they had to

say. He began to get his equipment out of the closet and started to set up for his practice. I asked him how long he was going to be and what exactly he was practicing? He said he needed an hour and a half, for a girls' all star practice.

I told him I would be more than happy to let him practice up top if he would like, (although I was planning on using the top gym that evening). He looked at me and said, "Why don't you go up top!" I explained to him AGAIN that I had 25 girls coming to the gym and the top gym alone would not work sufficiently for us. He then walked away and sat in the chair across the gym mumbling obscenities to himself. I was completely MORTIFIED. [REDACTED] and other girls that were waiting to warm up were very confused! It was completely CLASSLESS and humiliating! He kept telling me that he had more of a right to be there because he was a coach at the school. I told him that I understood his predicament, but I have paid to use this gym and my club is on the schedule.

He not once thanked me for allowing him to use "some of my gym space." He was rude and threatening and I felt completely belittled. As [REDACTED] said, "[REDACTED] why didn't you make him leave, I don't want to practice with him here." I told her, "I am not going to be as "class less" as he is.

Bottom line, this man (never caught his name) was arrogant and loud and incredibly insulting!

Sorry to put all of this on you John, but this guy was BAD NEWS!! don't know who he was, but I have never, never seen such immature behavior from a grown man, and apparently an educator in our school system!! SCARY!!

Thanks for listening! Have a wonderful day!
